

Announcements.

For Congress.

We are authorized to announce Colonel A. BLIZZARD, of McMinn County, as a candidate for Congress, subject to the decision of a District Convention.

For State Senate.

We are authorized and requested to announce N. P. HIGHT as a candidate for the State Senate, from the 7th Senatorial District, subject to the decision of a Conservative Democratic Convention, should one be held.

We are authorized to announce General JOHN C. VAUGHN as a candidate for the State Senate, subject to the decision of a Democratic and Conservative Convention, should one be held.

Local and other matters.

For Sale.

I have for sale a new Buggy and a new Two-Horse Wagon. For particulars apply at my Store, first floor ENTERPRISE Building. JOHN W. GODDARD.

Aug. 25-4t.

Just think of that good Coffee at Star-rat's!

Failed to Nominate.

At the Convention in Greenville, on the 10th instant, to nominate a candidate for Congress, Hon. James White, of Hawkins received 53 votes and Hon. Andrew Johnson 49.

The Convention adjourned for two weeks.

Splendid Pianos.

We refer with special pleasure to the advertisement of the Great Southern Piano Manufactory of Messrs. Wm. Knabe & Co. of Baltimore. This factory is now one of the largest in the world, employing three hundred and fifty hands, and turning out over forty instruments per week.

The Knabe Piano has by its superiority not only well nigh driven those of Northern manufacture from the home market, but also enjoys a large sale in New York, Philadelphia and throughout the entire North and West, besides their largely increased Southern trade. They have received no less than 65 first premiums, among which we note those at the fairs at New Orleans, Jackson, Memphis, Wilmington, Richmond, Macon, &c. received this season. For durability we would specially recommend them as being made in a Southern City, with special view to the trying changes of Southern climate.

New Residence.

The residence just being completed by Mr. Henry Mayes of this place is one of the handsomest and most complete buildings in the town. The rooms are large and arranged with all the modern conveniences. We understand that Mrs. Mayes planned the inside of the building and we can but congratulate her on the taste and skill exhibited.

Married.

On the 5th instant, by Rev. W. H. Crawford, Mr. G. H. Denton, of London, to Miss A. E. Magill, of McMinn County.

New lot of piscatorial esculents at Star-rat's.

Missionary Work.

We find the following floating about on the sea of "orphan literature": Every lady who educates her servants into greater truthfulness, fidelity, self-respect, and orderly ways of life, is doing missionary work of the best sort.

Convalescing.

Hon. Wm. B. Stokes who has been very seriously ill at his home in DeKalb County, is now considered out of danger.

Chattanooga.

Nearly a million of dollars is now being invested in improvements in the city of Chattanooga. There is no reason why it should not become a large and prosperous place.

A Change.

The Greenville National Union has been sold to Messrs. Galbraith & Wilson, who will make it hereafter a Republican paper. The salutatory is well written and we wish the new proprietors much pecuniary success.

Interference.

The genius of a hundred John B. Goughs could not present a more powerful appeal in favor of total abstinence than the following which we take from the Louisville Courier-Journal of the 10th:

A SAD DEATH.

Yesterday morning a young man, a son of one of the best families, in the flesh of manhood, handsome, genial and talented, died a miserable death in the City Hospital. His fine social qualities proved the quicksand which engulfed his young life. His geniality led him into the coils of the demon of intemperance, and an intellect which gave the brightest promise faded out in delirium tremens.

The Union and American.

We are really pleased to see that this well conducted paper is enjoying a fine patronage. To make room for larger and faster presses they offer for sale several of those they have now in use. In announcing the fact that they have ordered a fast double cylinder press, capable of printing four thousand copies an hour, the proprietors say:

"The patrons of the Union and American will thus see that we duly appreciate the custom so lavishly bestowed upon this office, and are making efforts to keep pace with their demands."

General John C. Vaughn left for Nashville Monday to attend the Convention. He expected to return in time to be at Madisonville to-day.

Thanks.

Our newly-elected 'Squire paid this local such a compliment a day or two since that we must return it as well as we can. He is the best looking 'Squire of his looks we ever saw, and is smart enough to sell almost anybody. But he failed once, that we know of.

Fine Hats.

J. M. Grant & Sons are in receipt of a large and elegant supply of hats, ranging in price from 75 cents to \$7.00. The assortment is certainly the best we have seen for some time. For the present of a very tasty tile, the above gentlemen have the thanks of the senior editor of this paper.

At the Bell House.

Among the guests at the Bell House last Saturday, we had the pleasure of meeting Judges Nicholson, Turley and Freeman, of the Supreme Court. All who partook of Colonel Ross' good cheer seemed to be more than pleased. He is one of the few who does "know how to keep hotel."

New Advertisements.

We call attention to the advertisement of the New York Observer in another column. It is sent free on trial to all applicants one month.

A list of new "foreign" advertisements will be found in this issue.

See "Deeds to sell land" from County Court Clerk.

Col. Blizard.

Our candidate for Congress spoke at Madisonville on Tuesday to a large and interested audience. We have a report of his remarks but it came to hand too late for publication this week.

To the Predictionist.

We find the following in the Knoxville Chronicle of the 11th:

A PREDICTION.

That Polk, Bradley, McMinn and Monroe, will not give Blizard a majority exceeding one thousand votes. That Knox, Blount and Roane, will give Maynard a majority equal to one thousand votes. And that Maynard will carry the remaining counties of Anderson, Union, Campbell, Claiborne and of Scott by the aggregate majority of two thousand votes, with perhaps an even vote in Morgan with the chances in favor of Maynard.

MOUNTAINERS.

We are authorized by a gentleman, who means business, to say to "Mountainers," or any one else who believes in his "prediction," that the money will be put up promptly on the following propositions:

1. \$500 that Polk, Bradley, McMinn and Monroe will give Blizard a majority exceeding one thousand votes.

2. \$100 that Knox, Blount and Roane will not give Maynard a majority equal to one thousand votes.

3. \$100 that Maynard will not carry the counties of Anderson, Union, Campbell, Claiborne and Scott by the aggregate majority of two thousand votes.

4. \$100 that Maynard will not get an "even vote" with Blizard, in Morgan County.

Any one who wishes to back "Mountainers'" judgment, can do so to the above amounts by making known the fact at this office, and coming down with the greenbacks. The gentleman who authorizes the propositions will be on time with his money.

Rain and Mud.

There has been no lack of rain for two or three days past, and the condition of our unimproved streets is suggestive of what the same will be, on a grander scale, when winter comes. Won't it be nasty?

Here.

Hon. Horace Maynard reached here from Madisonville Monday afternoon, and remained until the departure of the Knoxville train next morning. Though his society was not much "hankered" after, we were pleased to notice the courtesy with which he was generally treated.

At Madisonville.

Circuit Court has been in session at our county seat since Monday. After the disposal of two or three civil cases, the criminal docket was taken up on Tuesday.

Mr. Maynard delivered one of his speeches Monday to a very respectful Conservative audience. The subject being a barren one—a recital of what the Radicals have done, with all the bad things left out—no particular enthusiasm was excited. We heard of no conversions being made; nor even of one poor Democratic or Conservative soul seeming sin-sick under the Radical warnings which were interspersed in his remarks.

Getting Ready.

Dr. Scruggs set fire to his large brick kiln a day or two since, and we hope soon to see work commenced on his new drug store.

Ugly.

We know from personal experience how uncomfortable a thing and how hard-to-be-helped ugliness of form and feature is, and we hope Mr. Maynard's eye won't light on this little paragraph. If such a thing is possible his personal appearance is in a state of deterioration. He is enough to frighten timid men out of his party.

There is still a great rush to Boyd's to obtain the bargains he is every day selling. Room is being rapidly made for his splendid new stock, which will be the best of the season.

Senatorial.

At the McMinn County Convention on the 5th instant, a resolution was adopted recommending a convention at Athens on the first of October to nominate a candidate for Senator from this district.

European War News.

The recognition of the French Republic by the United States was received enthusiastically at Paris.

During a demonstration by the Republicans of Madrid, a speech by Castellar favoring the United States of Europe was vociferously greeted.

There have been formidable popular demonstrations in London in favor of the French Republic and against monarchy everywhere. The Queen has been charged by name with encouraging the King of Prussia in his march to Paris for the purpose of destroying the young republic. A proposition to suppress the Queen's name was received with a tempest of hisses.

A voice in the crowd cried, "Three cheers for the Prince of Wales," and the response was universal and passionate, as the crowd was at one time really appalling.

At another meeting, some of the speakers said the English Government was hostile to France, not because it loves Germany, but because it hates and fears the Republic. The Government of England has not recognized the Republic in France, but the day was at hand when the French would be called upon to recognize the Republic of England.

The British journals urge intervention as a duty and right neglected, which would involve dishonor.

Advices regarding the Emperor's treatment seem to indicate that he is more like an honored guest than a prisoner.

The Prussian army has halted twenty-five miles from Paris, at the special request of Bismarck, to consider the Russian and Austrian proposition for an armistice.

The departure of certain members of the French Government, from France for Tours, is indefinitely postponed.

Next in importance to the war are the events transpiring in Italy. Victor Emmanuel has crossed his army over the Papal frontier and is pushing it rapidly upon Rome with the intention of making the Eternal City the capital of his kingdom. Without the hope of foreign aid, and utterly powerless in itself, the temporal power of the Pope is almost a thing of the past. The Cardinals have already made overtures to the King, and it is probable that the Papal authorities will succumb without a show of resistance.

Females.

Old and young, who have so long been troubled with some female complaint, should not despair. Let us whisper words of comfort. You can be cured. You can be snatched from the monster which has so long prostrated and paralyzed your whole system. You can regain your health, your beauty, your strength and buoyancy. Take courage, despair not, be cheerful; a remedy is at hand, prepared by experienced physicians, specially for just such diseases as afflict you; and as the profession are using and prescribing this remedy with much success, we feel proud in calling your attention to it. It comes highly recommended, and we earnestly advise all suffering females to use this great female medicine at once. We allude to the "English Female Bitters," advertised in another column.

Testimony of Superiority Over all. CHAMBERS COUNTY, ALA., September 2, 1869.

For several years I have been subject to a cough and lung affection. Eight years ago I took a violent cold, which settled upon my lungs. I used many cough remedies but found no relief, and my cough grew very violent and I had a severe hemorrhage. I was very low and nervous, and suffered with shortness of breath—could not sleep—had no appetite—and my physician pronounced my case to be one of hopeless consumption. I had used Ayer's Cherry Pectoral, Hall's Lung Balm, Liverwort and Tar, Balsam of Wild Cherry, and many other patent remedies, which had been highly recommended to me, and had exhausted the skill of two of the best physicians in the country, without any relief, until I commenced the use of the Globe Flower Syrup, which acted like a charm in my case. Before the second bottle had been taken up my cough had left me—my sleep was sweet and refreshing—my appetite good, and I rapidly improved, until I am restored to health and am in better health than I have been in many years. I have recommended the Globe Flower Syrup to many of my afflicted friends and acquaintances and in every case it has made a complete cure. I regard the Globe Flower Syrup only as the greatest lung remedy ever discovered, but as the most pleasant and reliable which the afflicted can use. I am indebted to Messrs. Crawford & Walker, Druggists at West Point, Ga., for calling my attention to this Globe Flower Syrup, and sincerely hope this voluntary recommendation will influence some afflicted to use it. I have the honor to subscribe myself, Yours &c., G. W. MURRAY.

NOTE.—We are personally acquainted with G. W. Murray, and know him to be a gentleman of honor and high social standing in his county and know the above as stated by him, in regard to the Globe Flower Syrup, to be true. CRAWFORD & WALKER, Druggists, West Point, Ga.

The Great Blood & Liver Remedy Compound Fluid Extract of Stillingia.

This concentrated Vegetable Specific is a positive cure for Scrofula, White Swelling, Chronic Rheumatism, Gout, Ulcerous Sores, Cancer, Scald Head, Ring Worm, Eruptions, Blotches, &c., and it is the only known cure for all malarial and syphilitic affections. It quickly removes virus and poison from the system and restores the patient to perfect health and purity.

In all complicated cases of Scrofula and Syphilis, and in cases where the syphilitic virus of the parent causes development of Syphilis or Scrofula in the child, this is the only remedy upon which a hope of recovery can be reasonably founded. It relieves the disease and imparts perfect purity and health to the whole system. It is warranted to give satisfaction. Prepared only in the laboratory of PEMBERTON, TAYLOR & CO., Atlanta, Ga.
